Sustainable Works

Would need a driver to go to San Jose to pick up and bring to our event. Could hire from a company or someone could go pick them up.

Summer: Paperwork and adding people to system. Designing for posters/shirts/etc.

Fall: Publicity such as mass email and flyers

Cannot book Stevenson until August. This may be too late. Other possible venues: College 9 and 10 , Women's Center, or Conference Rooms and ERC.

Points brought up about Conference Room and ERC

- easier
- cheaper
- can make plans in advance
- more control
- no cost for rooms, just \$10-12/hr for media.
- murals/ more formal
- kitchen and easy access to water

Points brought up about Stevenson

- Better area for foot traffic- people can see through windows and may come in.
- larger

Points about Women's Center

- Where event has been held before
- informal

We want to invite members of the Amah Mutsun tribe to do a Welcoming.

We need to see how many people can fit in the venues.

Summer to-do list

July 1 marks the starts of a fiscal year, so when should additional funding be completed?
